Section 1 - School District Identified Priorities

Priority 1

Provide a safe learning environment for all stakeholders to combat, reduce, and minimize COVID-19 transmission and future outbreaks.

Priority 2

Provide educational access to all students to a free and appropriate education in all settings based on conditions associated with the COVID-19 pandemic.

Priority 3

Provide educational program and services to mitigate the loss of learning during the COVID-19 pandemic and to reduce any further loss of instruction while maintaining a standard level of instruction.

Data Points Used to Identify Priorities

Community input from public meetings, surveys, District and State assessments, and attendance data through Infinite Campus

Section 3: Goals

Instruments

Instruments or methods that will be used to monitor the progress of the goals and determine if the goals are met are listed here for each goal.

Math Goal	Students will demonstrate measurable growth in Mathematics. Each student will improve their proficiency level as indicated in Math assessments or indicate one year of academic growth in Mathematics knowledge as defined by each student's grade level.
ELA Goal	Students will demonstrate measurable growth in ELA content areas to include reading, reading fluency, writing, comprehension and grammar usage. Each student will improve their proficiency level as indicated in ELA assessments or indicate one year of academic growth in the ELA content standards as defined by each student's grade level.
Other Goal	The district will offer professional development for teachers and staff to help identify students with mental health issues. The district will work on providing mental health services to our students through local partnership with local mental health professionals. The district will provide new staff with mentors to help these staff members adjust to the tasks of the profession. The district will maintain two-way communication with the district stakeholders to provide input into areas of need for the district through community surveys and our district app.

Goals

For each goal find the following below:

- Identify what strategies/action steps will be used to support the achievement of the goals.
- Describe a realistic and achievable timeline to achieve the goals.
- Identify who is responsible to ensure the strategies/action steps are achieved. Click the box and provide the text response for each applicable box.

Math Goal	The district will modify curriculum standards for grade levels to fill gaps in student knowledge level due to loss of instruction during the COVID-19 pandemic. Assessments will be given at the beginning of the school year to provide a math content knowledge baseline for each student. Students/classes will then be given areas of need instruction to fill instructional gaps. To meet this need the district will provide access to one-on-one tutoring for students during school and after school, modify class schedules to provide math instruction, use the program walk to Math to provide small group instruction to provide more in-depth instruction in areas of need or improvement. The district will assess student progress throughout the school year through our MAPS testing

	platform and adjust the needs of each student/class based on the achievement on those assessments. Each building principal will monitor and track progress of each grade level and work with teachers to evaluate and adjust programs and instruction to meet the needs of the class level and student groups. Principals will report progress to the superintendent monthly. The district will assess the progress of our goals quarterly to make sure that our students are on track to gain a full year of math proficiency at their grade level.
ELA Goal	The district will modify curriculum standards for grade levels to fill gaps in student knowledge level due to loss of instruction during the COVID-19 Pandemic. Assessments will be given at the beginning of the school level to provide a ELA content knowledge baseline for each student. Students/classes will then be given areas of need instruction to fill instructional gaps. To meet this need the district will provide access to one-on-one tutoring for students during school and after school, modify class schedules to provide ELA instruction, use the program walk to English to provide small group instruction to provide more in-depth instruction in areas of need or improvement. The district will assess student progress throughout the school year through our MAPS testing platform and adjust the needs of each student/class based on the achievement â€∢on those assessments. Each building principal will monitor and track progress of each grade level and work with teachers to evaluate and adjust programs and instruction to meet the needs of the class level and student groups. Principals will report progress to the superintendent monthly. The district will assess the progress of our goals quarterly to make sure that students are on track to gain at least one full year of ELA knowledge at their current grade level.
Other Goal	Form partnerships with local mental health professionals in our area to provide assistance to our student body. Provide Professional Development opportunities for teachers to identify and assist students struggling with mental health issues. Provide professional development in instructional training to help teachers manage curriculum for lost instruction due to the COVID-19 pandemic.

Student Group Goals

For which of the following student groups does the district have a distinct Math Goal, ELA Goal, or Other Goal?

Student Group	Distinct Math Goal	Distinct ELA Goal	Distinct Other Goal
American Indian or Alaska Native			
Black or African American			
Hispanic			

Multi-Racial			
White			
Free and Reduced Lunch			
Homeless			
Students with Disabilities			
None	Yes	Yes	Yes

Math Goal for Each Identified Student Group

Each student group will be provided the same goal and resources to achieve the goal of attaining a proficiency rating in Math at their grade level or indicate one year's growth in mathematical knowledge as determined by the baseline assessment score given at the beginning of the 2021 school year.

ELA Goal for Each Identified Student Group

Each student group will be provided the same goal and resources to achieve the goal of attaining a proficiency rating in ELA at their grade level or indicate one year's growth in ELA content standard knowledge as determined by the baseline assessment score given at the beginning of the 2021 school year.

Other Goal for Each Identified Student Group

All student groups will be given equal access to mental health programs developed within the district.

If the District is planning to develop or use approaches that are novel to achieve your Math, ELA, or other goal, and they
are willing to share these innovations, the innovation is described here.
